

Meet your professors and know about their research projects and theses proposals.

Master degree in “Scienze dei Materiali”

12/07/2021 - 14:00

unito.webex.com/meet/silvia.bordiga

14:00	Welcome	S. Bordiga
14:05	Inorganic materials and magnetism	M.C. Paganini
14.15	Tailored synthetic and natural functional materials	L. Pastero
14:25	Superconductors and wide-bandgap semiconductors	P. Olivero
14:35	Functional organic materials	C. Barolo
14:45	Materials for catalysis and selective adsorption	S. Bordiga
14:55	Advanced metallic materials for energy, functional and structural applications	P. Rizzi
15:05	Polymeric materials and composites	F. Caldera
15:15	In silico simulations of materials properties	B. Civalleri
15:25	Materials for Analysis and Analysis for Materials	V. Maurino

We are waiting for you numerous.
