

## INFORMATION TO THE STUDENTS TO FOLLOW LECTURES IN PRESENCE

**1<sup>st</sup> year and 2<sup>nd</sup> year:** at the Department of Chemistry of Via Nizza 52 – **Room DIAGONALE (60 places) 1<sup>st</sup> floor, Via P. Giuria 7 – Room D1 (30 places) 5<sup>th</sup> floor, Via P. Giuria 9- Laboratory Via P. Giuria 7, 9, Via Quarello 15/A.**

### ENTRANCE

From **1st September 2021 to 31st December 2021** also university students must be in possession of the [green COVID-19 certification for participation in the educational and curricular activities in person](#).

**Registration by QR-code.** It is necessary to download the “myunito+” app from the store (App available on Apple and Google stores). By clicking on the menu section “QR Code reader” it will be possible to scan the QR-code located at the entrance of the Departments. Please check the [Unito page](#)

The access to the Departments is **allowed only by wearing surgery/FFP2 masks**.

In order to access to the building the students have to book their seats in the classroom from [the student booking service](#), following the instruction for students reported on the portal. Presence at the laboratories will be followed by the Professors themselves by asking to the student to sign a presence list. The seats booking system is in Italian language, however an English version of the procedure is available (select the language on the top right section of the page).

Students enrolled to the academic year 21/22 of the 1<sup>st</sup> and 2<sup>nd</sup> year cannot visualize the courses as they did not fill the carrier plan, therefore they don't have the courses on their transcript of records. The students have to first select through the function “RICHIESTA” the course at which they are enrolled (“Materials Science” for 1 Year , optional courses and “Scienza dei Materiali”, the name is only in Italian for 2<sup>nd</sup> year). Then they can search the single courses.

- Read carefully the instructions for the opening and closure of bookings
- It is possible to book seats only for lectures given in presence
- **Booking of the seat is mandatory for the students who want to attend the lecture in presence.**

We remind to the students that they **must wear the face mask in the classroom and for all the time they stay in the university buildings**. The students should avoid to group together at the entrance and exit of the building and of the classroom, in front of vending machines. **Students are not allowed to eat in the classrooms.**

### LECTURES MODALITY

According to what decided for the Athenaeum, lectures will be given in presence with live streaming on webex. The professor will then upload the didactic material on moodle.

Lectures and laboratories will follow the schedule published on the Course website.

Professors will insert in the pages of their own course the link and all the information necessary to the students to follow the lectures online and the related moodle link.

Students who did not complete the enrolment yet but are registered on Unito can access to the seat booking system, to the webex streaming and to moodle. However, they cannot access to the course [website](#).

Once they are enrolled, we invite the students to register to all the courses that they wish to attend either in presence or online on the website [Materials Science](#). This is necessary to help the professors to easily contact the students.

We remind to the international students to follow all the updates on Unito webpage (<https://en.unito.it/coronavirus-updates-unito-community>) and to fill the consent form before to complete the enrolment as showed at the page :

<https://en.unito.it/studying-unito/application-international-students>

**EXIT**

**Always register when you exit from the building** with the QR-CODE.

The students are invited the constantly visit the website [Materials Science](#) and the Unito webpage for further updates.
